PERSONAL STATEMENT

Curious and driven Computer Science undergraduate passionate about Full-Stack Development, Mobile Application Development, and Software Engineering, with strong skills in Java, Object-Oriented Programming (OOP), and Data Structures & Algorithms. Hands-on experience with Spring Boot, Node.js, and Express.js for backend development and React, JavaScript, HTML, CSS, and React Native for building responsive web and mobile applications. Skilled in developing secure, scalable systems using MySQL and MongoDB with efficient database design. Focused on writing clean, maintainable code and solving real-world problems while learning modern technologies to build impactful solutions.

Experience

Junior Web Developer (Freelance)

Sparkle Media – Remote

June 2025 – Present

- Developed and deployed a responsive website for a client based on business requirements.
 - Designed and implemented front-end interfaces using HTML, CSS, and JavaScript.
 - Ensured mobile responsiveness and cross-browser compatibility.
 - Maintained and updated website features based on client feedback.
-

PROJECTS

2026 - IIT CONNECT Application (In Progress)

[React](#), [JavaScript](#), [Node.js](#), [Express.js](#), [MongoDB](#), [Cloudinary](#), [Expo](#), [TypeScript](#)

- Currently developing a campus mobile application as part of the Software Development Group Project (SDGP). IIT Connect is designed to streamline university life for IIT students by providing a centralized platform for campus-related activities and information.

2025 - Prestige Auto Detailing Website

[Prestige Auto Detailing](#)

[HTML](#), [CSS](#), [JavaScript](#)

- Developed a fully responsive website for a car detailing business in New Zealand. Implemented an interactive booking system, allowing customers to schedule services online. Designed the UI/UX to improve customer engagement and increase business visibility.

2025 - Personal Finance Tracker

[Personal Finance Tracker](#), [Github](#)

[Java](#), [Spring Boot](#), [MySQL](#), [HTML](#), [CSS](#), [JS](#), [Bootstrap](#)

- Built a full-stack finance tracking system with user login, transaction management, and financial summaries.

2025 - Sparkle Gems E-Commerce Website

[Sparkle Gems](#), [Github](#)

[HTML](#), [CSS](#), [JavaScript](#), [MySQL](#), [Java](#)

- Developing an e-commerce platform for a gemstone business with product listings and category pages. Currently 75% complete, built using HTML, CSS, and JavaScript, with plans to integrate a backend and database for dynamic product management.

- Designed a Python program to analyze vehicle counts from two junctions and display traffic patterns using histograms.

- Developed a business website to increase brand awareness for a gemstone company.

EDUCATION

BSc (Hons) Computer Science – IIT (Informatics Institute of Technology) (2024 -Present)

Undergraduate

Modules Completed in 1st Year	Modules Currently Enrolled in 2 nd Year
- Software Development (Java, Python) - Mathematics for Computing - Trends in computer Science - Computer System fundamentals - Web Designing and Development	- Object Orient Programming (Java) - Database System - Professional Development - Software Engineering Principles & practice - Advance Client Side - Software Development Group Project (SDGP) - Algorithms: Theory, Design and Implementation

Foundation Certificate in Higher Education- IIT (Informatics Institute of Technology) (2023 - 2024)

- Merit

All Saints' College, Galle

- G.C.E O/L – 2A, 2B, 5C

(2011 - 2022)

CERTIFICATIONS

- Professional Certificate in Java programming
- Professional Certificate in Artificial Intelligence
- Machine Learning : AI python & R + Chat-GPT Prize
- Java Object-Oriented Programming (LinkedIn Learning)
- Introduction to Cloud Security (Simple Learn)

TECHNICAL SKILLS

- Programming Languages: Python, Java, JavaScript
- Web Technologies: HTML, CSS, React, Spring Boot
- Databases: PostgreSQL, MySQL, MongoDB, Cloudinary
- Tools & Technologies: Git, VS Code, IntelliJ IDEA, ClickUp

SOFT SKILLS

- Teamwork
- Problem-Solving
- Communication
- Adaptability
- Time Management

PARTICIPATIONS

- Volunteer – Haxmas Journey 2024 Grand Finale (Ascentic)**
Contributed as a volunteer to support the successful execution of the event.
- Industry Visit – Virtusa Sri Lanka (IEEE IIT Insight Gen)**
Participated in an industry visit to Virtusa to gain exposure to real-world tech practices.
